**SOURCING & RECRUITMENT**

We use the network of our associates, reputed national & international job portals, councils, societies and specialised centres for sourcing the required manpower.

We provide logistics for meeting of the client & job seeker at the convenience of both either at a venue or online portal.

We share data of only qualified and suitable applicants with our clients after scrutinising and shortlisting done by our team as per the terms & conditions laid out.

We send periodic reports to the clients to keep them updated of current status of their selected candidates.

## WHAT MAKES US DIFFERENT

We attach utmost importance to expediting travel formalities in a minimum turnaround time but without compromising with the quality.

We choose the manpower according to terms & requirements of the employers as our experts select the best candidates in terms of qualification, experience and personal credentials through interviews with them and not rely on papers and resumes only.

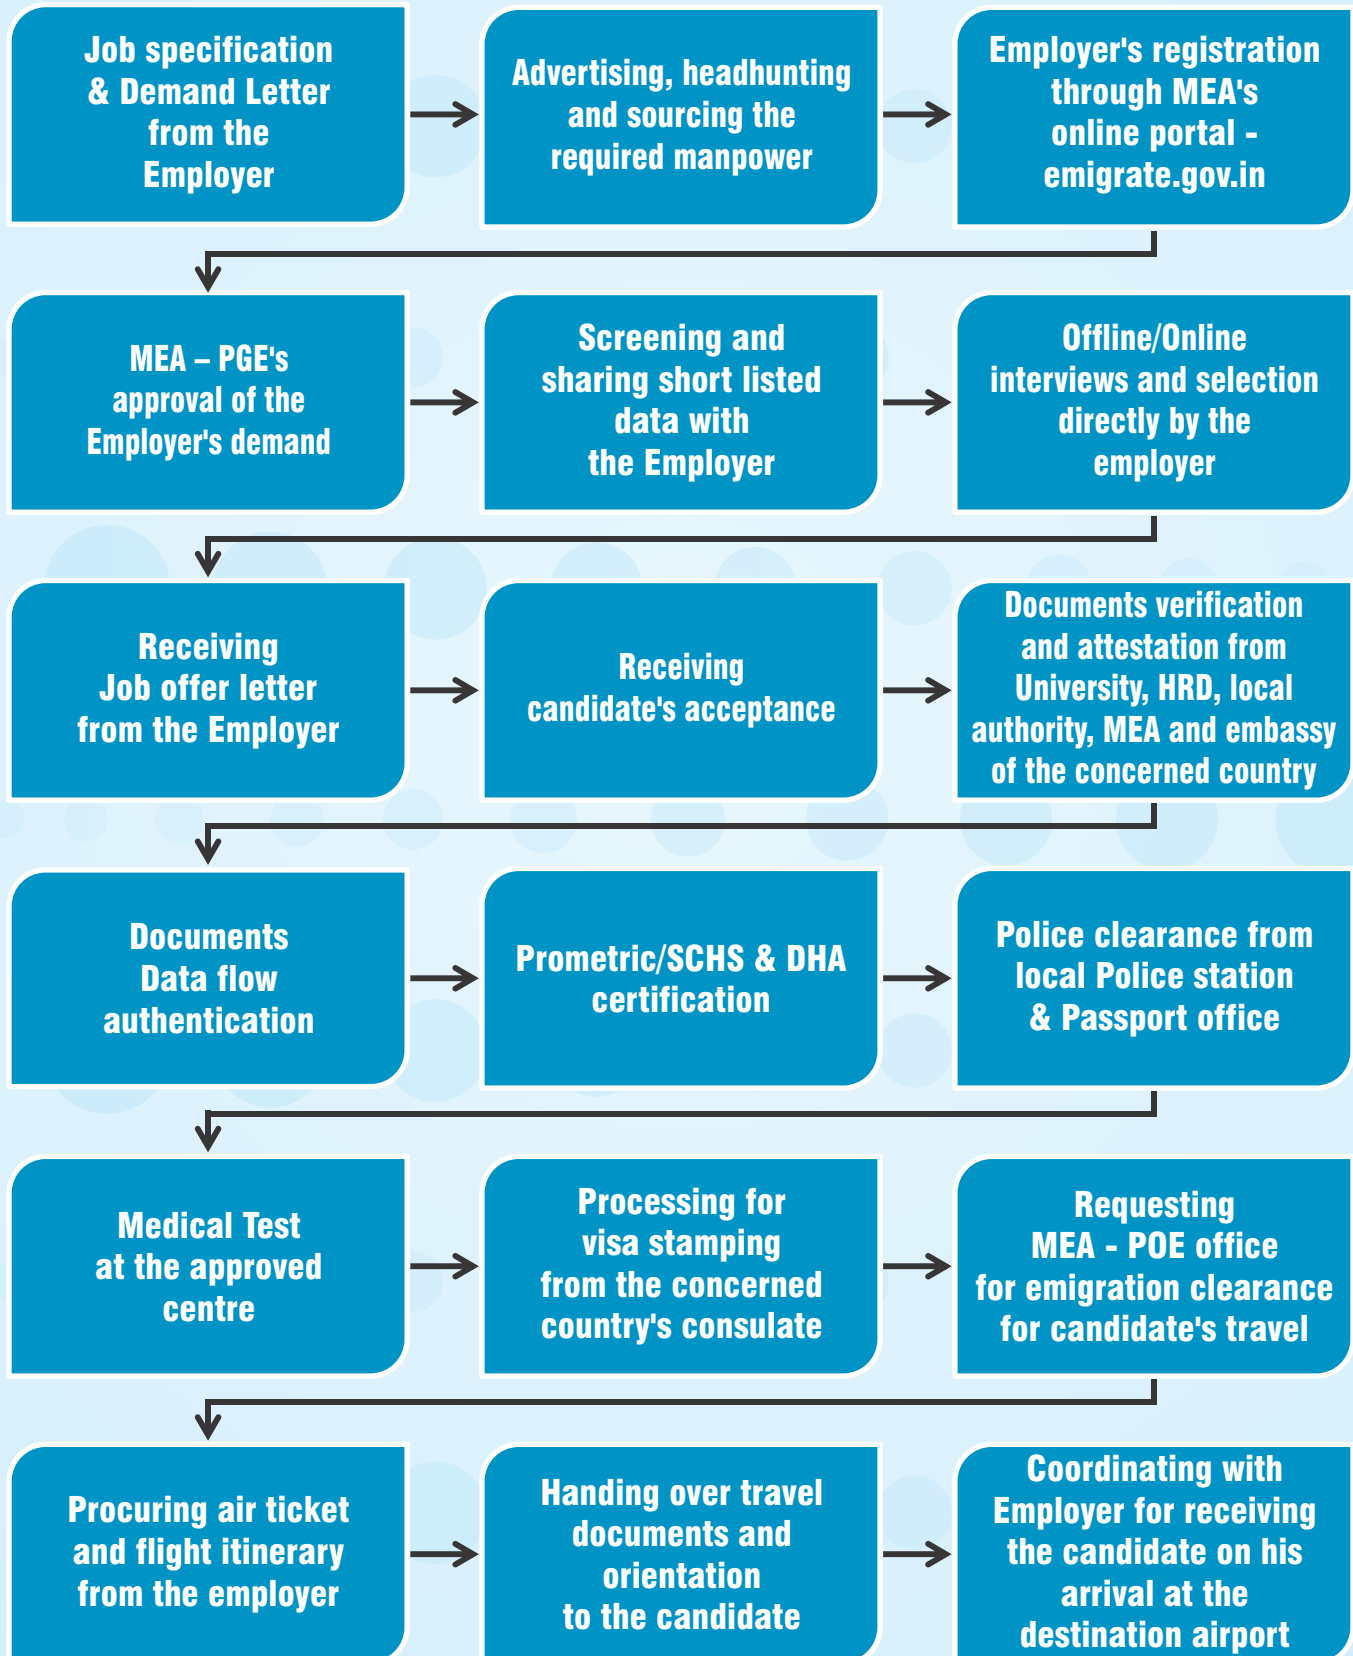

We accept only those conditions which we can honour and don't make false promises to our clients just to ensure that we fulfil our promises as per terms agreed between us.

We give an orientation to the candidates to make them aware about the nature of their job, role & responsibilities and workplace before their departure to avoid problems between them and the employer.

We make regular follow-ups with the candidates from their selection until they travel to their workplace. We provide clients with weekly report about the status of their candidates.
